

The City of Bolivar is accepting proposals for parts of an internal/external communications system. Proposals should include not only the specifications and equipment used to achieve the desired results, but also initial and continual prices for operation of the system. Bids are due no later than 2:00 p.m. on Monday, July 1, 2019 at Bolivar City Hall, 345 S. Main St., Bolivar, MO 65613, when they will be opened and read aloud in the council chambers and certified by the City Clerk. Proposals should be addressed to the attention of the city clerk and marked "Communications 2019."

1. The City of Bolivar is requesting proposals for a digital/expandable phone system for a City Wide system. Minimum specifications for the telephone system are as follows:

- IP based phone system
- POE based
- Multiple Line/Multiple Facility Use (Interactive phone system with separate equipment to be located at City hall, Public Safety Center, Fire Station, Golf Course, Public works building, and possible other locations.)
- paging through the phones
- Individual Voicemail for users without hard phone
- multiple line Auto Attendant
- 70 office style phones
- 2 reception station phones
- Call Parking (Multiple Lines)
- Call Forwarding (on or off premises)
- 3 conference call speakers/phones
- Call Record (One Touch Button)
- Other Standard Options
- System Maintenance Via Computer Access
- Option for included POE/switch with cost
- Includes maintenance and support for all hardware and software with unlimited remote maintenance and tech support.

Due to many options, this is best system to meet the needs of the City. Options should be listed as available.
