AIRPORT REPORT – July 2020

Operations: Concerning the day-to-day activities S.O.A.R. logged 140.25 hours for the month of **June**, including 77.25 hours for mowing. A detailed timesheet has been turned in to the City Clerk.

Airfield Inspections: No airfield issues were reported in **June**.

Hangars: For the month of **June**, all T-hangars remain leased (minus the 2 damaged by the fire). We had one hangar change which was effective early June and a new hangar rental mid-June. We continue to have a wait list of folks interested in leasing a hangar. Work began on the damaged hangars at the end of March. They have most of the steel and hope to be back on it by the end of July.

Fuel System: We replaced the overfill alarms on both units, but due to their age, we have to also replace the internal sensors in the tanks. Those will be installed in early July. No user fuel system issues were reported in June.

Fuel Sales: S.O.A.R. generated **June** fuel invoice statements from the Fuel Master software and submitted to City Hall to send out fuel customer invoices. Fuel sales were up 2,582 gallons over last month. Sales were up 1,300 gallons for the same period last year. Summary fuel sales information for **June** is included in **Appendix 1**.

Wildlife: Limited deer sightings have occurred. We have had some turkey sightings this month.

Airport Projects: Waiting on the weather to cooperate to clear brush along east side of runway as identified by MoDOT. MoDOT did an airfield inspection in June and we are waiting to hear the results of the inspection.

Appendix 2 - Hangar Rentals (Reported by City Hall)
