

“The City has learned from some businesses that they have already received notice from the MO Dept. of Revenue about establishing the increase to the General Sales Tax Rate on or around July 1. The City has also been working with the MO Dept. of Revenue regarding the decrease to the Capital Improvement Sales Tax Rate, and the City has been informed by the Dept. of Revenue that City businesses should be receiving separate follow up letters shortly to address that decrease. The City and the Dept. of Revenue are hopeful that the Capital Improvement Sales Tax Rate decrease notices will be delivered in time for the decrease to happen on or around July 1 as well.”
