### **AIRPORT REPORT – September 2020**

<u>Operations:</u> Concerning the day-to-day activities S.O.A.R. logged 108.00 hours for the month of **August**, including 47.00 hours for mowing. A detailed timesheet has been turned in to the City Clerk.

**<u>Airfield Inspections:</u>** No airfield issues were reported in **August**.

<u>Hangars</u>: For the month of **August**, all T-hangars remain leased (minus the 2 damaged by the fire). We continue to have a wait list of folks interested in leasing a hangar. Work was completed on the hangars damaged by the fire and beginning September 1, 2020, the two repaired hangars will be once again under a lease agreement.

<u>Fuel System:</u> We continue to have a few calibration issues with the new JetA gauge, but things are starting to settle down. We have noted a slight leak on the JetA hose reel and have contacted Show-Me Petroleum to address the issue. No user fuel system issues were reported in August.

<u>Fuel Sales</u>: S.O.A.R. generated **August** fuel invoice statements from the Fuel Master software and submitted to City Hall to send out fuel customer invoices. Fuel sales were up down 2,022 gallons over last month. Sales were up 1,781 gallons for the same period last year. Summary fuel sales information for **August** is included in **Appendix 1**.

Wildlife: Limited deer sightings have occurred. We have had some turkey sightings this month.

<u>Airport Projects</u>: Waiting on the weather to cooperate to clear brush along east side of runway as identified by MoDOT. MoDOT did an airfield inspection in August and we are waiting to hear the results of the inspection.

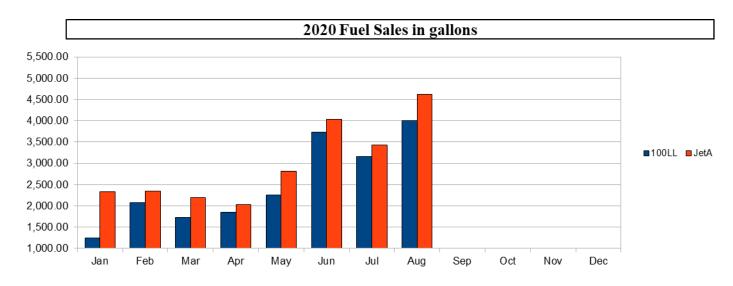

Appendix 1 - Fuel Sales

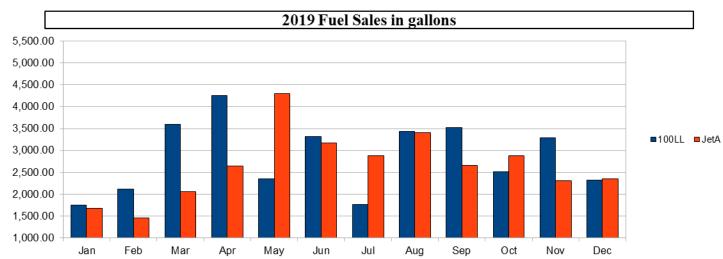

Appendix 2 - Hangar Rentals (Reported by City Hall)

Report respectfully submitted by:

Kerrick Tweedy, Executive Director Service Oriented Aviation Readiness (S.O.A.R.)

## Proclamation

## Polk County CERT Week

Whereas, the Polk County Community Emergency Response Team (CERT) program educates volunteers about disaster preparedness and trains them in basic disaster response skills, such as Fire Safety, Light Search and Rescue, Team Organization, Disaster Medical Operations and Recognition of Terroristic Threats; and

Whereas, this CERT program has been established within Polk County since 1999, having trained over 400 community volunteers; and

Whereas, CERT offers a consistent approach to volunteer training and organization that professional responders can rely on during disaster situations, allowing them to focus on more complex tasks; and

Whereas, the Polk County CERT members must complete certification training and continue to meet monthly to enhance their education, train in realistic exercises, and to remain up to date on program policies, City of Bolivar policies, and Public Service requests; and

Whereas, CERT members provide critical support to our First Responders, provide immediate assistance to victims, have the ability and training to organize spontaneous volunteers at a disaster site, and are also available to volunteer for community non-emergency projects such as City & School Parades, Country Days, and the Celebration of Freedom; and

ATTEST:	
Paula Henderson, City Cler	<u></u>

City of Bolivar Team,

JMARK and the City of Bolivar have been partners since 2011 and we have enjoyed that partnership. Learning about the culture, the people and what is important to the citizens of Bolivar over the past nine years has allowed us to shape a unique offering that has changed over the course of time to adjust the needs of the City.

Our response to the most recent RFP for Managed IT Services is another example of that unique approach. We understand how important it is to remain in the budget for the current fiscal year, so we are offering a unique agreement. In an attempt to honor the budget of the City during the current fiscal year, JMARK is offering a further discount off of normal market rates in services until the current fiscal year is up. Our intent in architecting this type of agreement is to ensure there is no further strain placed on the priorities of the community. The fee schedule below lists the discount applied through June 30, 2021 and the remainder of the agreement.

Managed Services Fee Schedule:

November 1, 2020-June 30, 2021: \$5,000 per month for Managed Services (40% preferred partner discount).

July 1, 2021-October 31, 2025: \$6,449 per month for Managed Services (28% preferred partner discount). \* A 5% (five percent) yearly contract increase will begin on January 1, 2022 and will be applied in all subsequent years on January 1 through the life of the contract. That 5% (five percent) will be based upon a rate of \$6,449 per month pursuant to the terms of the contract.

Thank you for the opportunity to continue supporting the community of Bolivar. We look forward to many more years of partnership and growth together!

Respectfully,

Jeff Bendure

Director of Client Relationship Management

## **History of JMARK**

In 1988, when James Montgomery, Jr. founded his small computer company in Cabool, Missouri, he was already in the habit of signing his name as "JM JR" – a scribble that his friends called the "J mark." Thus, the company name was conceived.

In 1996, we moved our corporate office to Springfield after acquiring NetPro, another computer and training company. The acquisition more than doubled our client base and expanded our geographic reach to a 200-mile radius around Springfield.

In 1997, after completing his service with the U.S. Navy, Thomas H. Douglas joined the company as a Level One Engineer. Tom's leadership skills soon earned him the title of Service Manager, and in 1999, he was named President of the company. Eventually he became majority owner of JMARK, with business partners Tom Goss, Kerry Douglas, and Max Roweton.

In 2001, JMARK was reincorporated under the full name of JMARK Business Solutions, Inc. By that time, Tom had recognized that simply trading hours fixing computers for client dollars was an unpredictable business model. To stabilize the company's revenue stream, he introduced a system of levelized billing, making JMARK one of the first in our industry to offer managed I.T. services based on a flat fee.

This provides the client with as many services required to support their business network – helping them turn away from crisis management and toward proactive system maintenance. At the same time, the emerging philosophy of "people first, technology second" is beginning to pay off for our firm and clients, with a consistently productive environment and an exceptional quality of service.

The new model's success, combined with the addition of company partners Doug Deetz and Brenda Blades, began a trend of growth that continues to accelerate to this day.

In 2008, JMARK acquired competitors NetWorks, Inc. and NetManage, Inc. These acquisitions led to several million dollars in additional revenue, supported by 39 full-time employees.

Web: www.jmark.com

In January 2012, JMARK acquired, Integris Tech in Fayetteville, Arkansas and opened an office in Colorado Springs, Colorado. As a result of this new growth, the company now offers clients the additional expertise of healthcare I.T. specialists.

The beginning of 2015 included the acquisition of Quanxi Technologies, LLC d/b/a ACE Network Consulting. With over a million dollars in new revenue, it included an established office and technical expertise in Tulsa, Oklahoma. Also in 2015, JMARK secured a stake in TruData, LLC, which provides business intelligence to the banking industry.

One of the most successful technology support companies, as ranked by *CRN*'s 150 Fastest Growing Solution Providers and one of the Top 100 Managed Service Providers in North America.

# **Master Services Agreement**

#### 1.0 PURPOSE

JMARK and CLIENT anticipate entering into one or more transactions for the delivery and purchase of certain business or technology services now and in the future. JMARK and CLIENT anticipate that each transaction may be different as to certain TERMS AND CONDITIONS, such as price, scope of services to be provided, or duration of services. JMARK and CLIENT wish to have a set of standard TERMS AND CONDITIONS that will be applicable to all of their transactions for the delivery and purchase of such business or technology services. The purpose of these TERMS AND CONDITIONS is to establish the obligations of JMARK and CLIENT to each other with respect to the delivery and purchase of any services from JMARK. It is understood that the TERMS AND CONDITIONS of this AGREEMENT will be referenced, incorporated, and otherwise binding between JMARK and CLIENT on all of their business or technology transactions.

The term AGREEMENTS or AGREEMENT as used herein will refer to and include: (i) this Master Services Agreement; (ii) and all other service contracts or work orders entered into between JMARK and CLIENT while this Master Services Agreement is effective; and (iii) any schedules or amendments to the foregoing items. The term "service contract" means any agreement between the parties entered into for technology or business services to be provided from JMARK to the CLIENT. The term "work order" means any service not otherwise covered by or within the scope of the services outlined in a service contract between the parties. Services performed by JMARK to CLIENT, and not part of a service contract, will be deemed to be a "work order" whether the services were authorized by the CLIENT in writing or orally. The term TRANSACTION as used herein refers to all types of services as offered, within all types of associated AGREEMENTS, collectively referred to as AGREEMENTS. JMARK AND CLIENT MUTUALLY AGREE TO ALL TERMS AND CONDITIONS AS LISTED THROUGHOUT THIS AGREEMENT AND ASSOCIATED AGREEMENTS:

#### 2.0 DELIVERY OF SERVICES

- **2.1. Delivery:** JMARK will deliver services to the CLIENT as further specified and agreed to between the parties for each transaction entered between them for such purchase and delivery, should the parties mutually choose to enter into a services transaction.
- **2.2. Non-Agreement Transaction Pricing**: Any transaction performed without an associated service contract will be done at JMARK's then current hourly rates for the services provided. CLIENT will be billed; and payment will be due on or before the thirtieth (30<sup>th</sup>) day following the date of the invoice. All invoices not paid on or before the thirtieth (30<sup>th</sup>) day following the date of invoice will bear interest at the rate of 1% per month, compounded monthly. An associated AGREEMENT may provide for a different service rate or payment terms, and if different than those provided herein, the specific AGREEMENT shall control.
- 2.3. Fees: CLIENT agrees to pay JMARK all fees according to the fees, as specified in all associated AGREEMENTS for each service. Because pricing of many services may be based on the quantity of devices, users and/or other data, it is understood that as devices, users and/or other data are added or removed to the network/systems, the price of the services may also be increased or decreased without the renegotiation of the associated AGREEMENTS. AGREEMENTS based on users, is determined from an Active Directory query, and as such each user is required to have their own unique login and password. Furthermore, a device may exist in physical or virtual configurations, but will be charged based on the number of devices that require maintenance and/or support where applicable, regardless of the configuration. Subject to those cases wherein an approved work order has been performed that is not covered by a written service contract, an explanation of the calculation of fees associated with specific services will be listed in an associated AGREEMENT. If JMARK personnel must travel to CLIENT premises to perform their duties under an associated AGREEMENT, CLIENT shall pay according to any stipulation in said AGREEMENT. If travel is associated with an approved Service Ticket that is not covered by a written

AGREEMENT, CLIENT will pay JMARK's current hourly rate for travel to CLIENT's location, and agrees to a one (1) hour minimum charge, or an alternate travel fee may be agreed to.

- **2.4. Provided Services**: Except in the case of an approved work order that may not be covered by a written service contract, all services that will be provided by JMARK to CLIENT will be listed in an associated AGREEMENT.
- **2.5. Taxes**: It is understood that any Federal, State, or Local Taxes applicable will be added to each invoice for services or materials rendered under an associated AGREEMENT, or as provided as part of a transaction. CLIENT will pay any such taxes unless a valid exemption certificate is furnished to JMARK for the State of use.
- **2.6. Other Fees**: Any equipment, software, software licenses, third-party services, projects, labor, or other costs outside the scope of an associated AGREEMENT will be billed separately and paid for by CLIENT.
- 2.7. Effective Agreement Date and Incorporation of Master Terms and Conditions: The effective date of any AGREEMENT will be upon the date in the signature block of this or any associated AGREEMENT that is signed by CLIENT, unless an ALTERNATE TERM OF AGREEMENT START DATE is specified in an associated AGREEMENT. An ALTERNATE TERM OF AGREEMENT START DATE may be subject to fees, as specified in an associated AGREEMENT. The provisions of this Master Services Agreement will be effective during the term(s) of all AGREEMENTS between the parties hereto. The provisions of these Master Service Agreement terms and conditions are and will be incorporated by reference into all AGREEMENTS between the parties hereto even if the Agreements do not directly refer hereto.

The parties consent and submit to the jurisdiction and venue of the State and Federal courts located in Greene County of the State of Missouri for any dispute relating to the terms, interpretation, or performance of these TERMS AND CONDITIONS.
- **8.7. Entire Agreement**: It is agreed and understood by all parties that this instrument constitutes the entire agreement between the parties. No additional promises, agreements, and conditions have been entered into other than those expressly set forth herein. All of the foregoing TERMS AND CONDITIONS of this AGREEMENT will apply to both parties unless otherwise specifically excepted pursuant to a JMARK SCHEDULE OF EXCEPTIONS signed and dated by all parties. These TERMS AND CONDITIONS may not be modified or amended without the written, signed consent of all parties except as otherwise provided herein. Therefore, it is the intention that these TERMS AND CONDITIONS be read in conjunction with and in harmony with such written AGREEMENTS.
- **8.8. Waiver**: All parties to these TERMS AND CONDITIONS agree that the failure of any party to strictly enforce any provision of these TERMS AND CONDITIONS will never result in a waiver of such party to

subsequently enforce the conditions of these TERMS, and delivery of services or products by JMARK after breach of this Agreement by CLIENT will not waive any rights or remedies accruing to JMARK as a result of such breach.

- **8.9. Forbearance**: Failure to pursue any legal or equitable remedy or right available to a party shall not constitute a waiver of such right, nor shall any such forbearance, failure or actual waiver imply or constitute waiver of subsequent default or breach. No waiver of a breach of any provision of this Agreement shall be construed to be a waiver of any breach of any other provision of this Agreement or of any succeeding breach of the same provision. No delay in acting with regard to any breach of any provision of this Agreement shall be construed to be a waiver of such provision.
- **8.10. Severability**: In the event that any provision of these TERMS AND CONDITIONS, or part of any provision, is declared to be invalid for any reason, it will not affect the validity of any other provision, and all other provisions will remain in full force and effect.
- **8.11.** Incorporation into Agreements: These TERMS AND CONDITIONS will be effective, and the provisions herein will remain in effect, during the term(s) of all AGREEMENTS between the parties hereto. The provisions of these TERMS AND CONDITIONS are and will be incorporated by reference into all AGREEMENTS between the parties hereto even if any AGREEMENTS do not directly refer hereto. It is the intention of the parties that these TERMS and CONDITIONS will be in harmony with all AGREEMENTS between the parties and will be applicable to all AGREEMENTS between the parties; however, in the event that these TERMS AND CONDITIONS conflict with any express provision in another service contract or other agreement between the parties, then the terms of the service contract or other agreement will control only to the extent of such conflict.
- **8.12. Agreement not Exclusive**: Nothing in these TERMS AND CONDITIONS will preclude JMARK from at any time performing work or services to third parties other than the CLIENT, and JMARK will at all times be free to make their services available to the general public.

If CLIENT or JMARK violates this prohibition, CLIENT or JMARK will immediately pay to the other an amount equal to two and one-half (2.5) times of the annual compensation of the employee or personnel solicited or hired as liquidated damages, it being understood that the actual damages sustained by either party for a violation would be difficult, if not impossible, to ascertain.
