BLS courses are designed for healthcare providers and trained first responders who provide care to patients in a wide variety of settings or by those in a healthcare training program.

Heartsaver courses are designed for anyone with little or no medical training who needs a course completion card for a job, regulatory (for example, OSHA), or other requirements. These courses can also be taken by anyone who wants to be prepared for an emergency in any setting.

Heartsaver First Aid CPR AED course trains participants to provide first aid, CPR, and use an automated external defibrillator (AED) in a safe, timely, and effective manner.
